

GRAND CHEROKEE SRT8

Jeep[®]

ADVERSITY'S
GREATEST
ENEMY.

Behold the most powerful and technologically advanced Jeep® vehicle ever built: Grand Cherokee SRT8. It's an aggressive profile of a haute couture supermodel bred with a high-performance sports car. Power and raw strength are infused within its very DNA:

A four-wheel-drive system with a 7,200lb towing capability, paired with the legendary 6.4L HEMI® SRT V8 engine. The Grand Cherokee SRT8 will turn heads with every turn, whether you're arriving at a gala or racing around the track.

DISTINCTIVE. AGGRESSIVE. ATHLETIC.

EXTERIOR

The 2014 Grand Cherokee SRT® makes a statement both day and night and separates itself from the pack. Blackened bi-xenon headlamps look menacing by day, and a signature LED treatment announces the SRT model by night.

RACE- INSPIRED INTERIOR

Inside the 2014 Grand Cherokee SRT® is an amazing blend of fabric and hide, style and function that inspires confidence in every move you make. This is where technology is headed. A new heated steering wheel features paddle shifters and controls for Uconnect®Access with voice activation.
